# 公司简介

深圳市捷威尔新科技有限公司成立于2007年4月，位于广东省深圳市龙岗区五联社区少排工业区双翔15栋3楼。厂房面积2000平方米，约100名员工。

本公司专业从事精密超薄柔性扁平线(FFC)线和圆头扁平线 (RFC) 的生产和销售。产品广泛应用于电脑、打印机、手机、电视和家庭电器、仪器、医疗器械、汽车器械、其他电子设备等。

公司拥有强大的技术力量和具有多年生产经验的熟练工人队伍，自动化设备及完善的供应链保证了产品的高质量及稳定性。团队和管理者均来自大型外企，最新的管理方法为确保产品质量、严格遵循国际标准提供了强有力的方法和技术支持。

公司宗旨：环保、诚信、进取、团结、创新。公司严格遵守ISO9001质量管理体系，并不断改进，以向客户提供最优的质量与服务。我们的客户来自美国、欧洲和日本、韩国等，并得到了各方高度的赞誉。

# Introduction

Gerawell was founded on Apr, 2007, and is located on 3<sup>rd</sup> floor, building 15, Shaopai industrial zone, Wulian community, Longgang District, Shenzhen city.

As one of the most professional factories in China, we design and manufacture high-quality FFC and RFC cables with competitive price. Our products are widely applied in E.G., computers, printers, mobile phones, TVs, home appliances, medical devices, cars etc., and are sold to clients across the world.

Driven by innovation, Gerawell boasts much expertise in FFC/RFC sector. We have over 100 employees and our workers are well trained and highly experienced. Automatic production line and well-structured supply chain guarantee high-quality and standard products. The management are all from leading companies in this industry. We adopt most advanced managing scheme and ISO 9001 standard, and we place high priority on the factory environment, health and safety.

Our customers from all over the regions, such as America, Europe, Japan, and Korea, are all satisfied with our products and services.

# 发展历程

## The development course

2007

深圳市捷威尔电子有限公司成立  
Shenzhen Gerawell electronic Co. Ltd was founded

2009

捷冠科技（香港）有限公司成立，主要负责欧美市场开拓  
Geratherm (HK) was founded mainly for the European and American markets

2011

捷威尔电子更名为捷威尔新科技，公司扩大一倍  
Changed name to GERAWELL New Technology and the size doubled

2016

美国办事处设立  
US Office was established

2021

压合机、CCD、切线机等设备全部换新  
Lamination machine, CCD and cutting machine are all upgraded to latest generation

# 企业文化

## Enterprise culture

诚信、负责任、团队合作、  
创新与发展  
Integrity, responsibility,  
collaboration, innovation

品质优化、交期满意、  
持续改进、合作共赢

- Quality improvement
- On-time delivery
- Customer first
- Win-Win cooperation

# 主营业绩 Performance

凭借着成熟的生产技术与完善的管理制度，我公司的营销业绩十几年以来一直保持着良性增长，2021年更新了生产设备，2022年整个业绩有望突破4200万元。

With the most innovative manufacturing knowledge and highly efficient management scheme, we keep revenue growing each year.

After equipment is upgraded in 2021, we expect revenue in 2022 will be over 42m.

**2020全年总额 2020 Revenue**

**35513700**

# 我们的优势

## The advantages

公司有14年生产及加工FFC排线的经验；引进最精密的全自动化生产设备，解决日益上涨的人力生产成本；拥有20多年生产设计经验的高级工程师团队作为后盾，可协助客人开发新的FFC产品；拥有各种可靠性实验设备，对原材料，成品电气性能，物理性能进行严格的把控；拥有国内外完善的供应链体系，可针对不同产品、不同用途进行选材，且保证产品质量；导入ERP系统，优化公司内部生产管理流程，做到更加高效快捷的对接客户需求。

After 14 years in the FFC/RFC manufacturing, we have introduced the most precise automation production devices and QC devices. Our senior R&D professionals could help customer to customize any FFC products. Reliable QC devices guarantee the electrical and physical performance of materials and products. A well-constructed supply chains could realize variant, diverse products for personal customization. The ERP system could optimize internal work flow so that we could respond to customers' need quickly.

**01** 独立的新产品的开发能力  
Independent R&D

**02** 全自动化生产设备线  
Full automatic production line

**03** 完善的供应链管理体系  
Well-constructed supply chains

**04** 完善的生产管理体系  
Excellent production management scheme
